Office Action Summary

Art Unit: 1755

Claims 21-40 are in condition for allowance except for formal matters, ***prosecution as to the merits is closed*** in accordance with the practice under Ex parte Quayle, 1935 CD 11; 453 OG 213.

The following formal matters will place this application in condition for allowance.

Deletion of the term "predetermined" and substitution of the term ---set--- in claims 21 and 36. Predetermined is normally deemed indefinite.

Potentially amending the term "thickening time increasing additive" to the term ---retarder--- in all relevant claims. Since this is the term most common in the art, it may be appropriate to use that term. However, if applicants mean something other than a retarder, than this term can remain as it is essentially not indefinite.

It is expected that this application would be in immediate allowable form upon the amendments that are to be made as stated above.
